III. BACKGROUND:

Failure to Provide Supporting Schedules (Failure to File 48-Hour Notices and 24-Hour Notices)

The National Right to Life Political Action Committee ("the Committee") failed to timely file five (5) 24-Hour Notices to support fourteen (14) independent expenditures totaling \$26,372.13 disclosed on Schedule E of the 2006 October Quarterly Report made less than twenty (20) days but more than twenty-four (24) hours before the 2006 Congressional Primary Elections held in the states of Arizona, Colorado, Michigan, and Nevada (Attachment 2). In addition, the Committee failed to file twelve (12) 48-Hour Notices to support thirty-six (36) independent expenditures totaling \$49,535.15 disclosed on Schedule E of the 2006 12 Day Pre-General Report made up to and including the twentieth (20th) day before the 2006 General Election (Attachment 3), and ninety-two (92) 24-Hour Notices to support two hundred thirty-eight (238) independent expenditures totaling \$150,494.58 disclosed on Schedule E of the 2006 30 Day Post-General Report made less than twenty (20) days, but more than twenty-four (24) hours before the 2006 General Election (Attachment 4).

10044273951

On September 21, 2006 and October 2, 2006, Prior Notices listing the official filing dates for quarterly filers were sent to the Committee. Each notice included a section titled *48- and 24-Hour Reports of Independent Expenditures*, which read as follows:

If any PAC or Party Committee makes independent expenditures in connection with a federal election, the committee may also have to file 48-hour or 24-hour reports. The 48-hour reporting requirement is triggered each time the committee makes independent expenditures aggregating \$10,000 or more between January 1st and the 20th day before the election. The 24-hour reporting requirement is triggered each time the committee makes independent expenditures aggregating \$1,000 or more after the 20th day, but more than 24 hours, before the day of the election. See 11 CFR 104.4. These reports are *not* required when a Party Committee or PAC makes a contribution directly to a candidate. (Attachment 5)

Failure to Provide Supporting Schedules (Failure to File Schedule D, Failure to File Schedule E, and Failure to Continuously Report Debts)

The Committee filed four (4) 48-Hour Notices to support six (6) independent expenditures totaling \$67,951.49 but failed to itemize the expenditures on a Schedule E or MEMO Schedule E/Schedule D of the Amended 2006 12 Day Pre-General Report (Attachment 6).

The Committee failed to provide MEMO Schedule Es to disclose the dissemination date of three (3) independent expenditures totaling \$3,414.16 for which debts were shown as incurred on Schedule D supporting Line 10 (Debts and Obligations Owed BY the Committee) of the Summary Page on the Amended 2006 30 Day Post-General Report (Attachment 7, Part A). The Committee also disclosed two (2) debt payments totaling \$1,861.02 on a disbursement schedule to correspond to the Schedule D payment entries (Attachment 7, Part B). In addition, the Committee failed to disclose debt entries on Schedule D corresponding to three (3) MEMO Schedule E entries for independent expenditures totaling \$5,133.66 (Attachment 8).

Furthermore, the Committee disclosed two (2) new debts with outstanding beginning balances totaling \$50,245.84 on Schedule D of the Amended 2006 30 Day Post-General Report. However, the Committee's previous report failed to disclose outstanding balances at the close of the period for these debts (Attachment 9, Part A). In addition, the Committee failed to disclose outstanding beginning balances on Schedule D of the Amended 2006 30 Day Post-General Report for two (2) debts totaling \$40,141.15 which had outstanding balances at the close of the previous reporting period and for which debt repayments were not disclosed (Attachment 9, Part B).

Independent Expenditure Reporting Problems

On Schedule E, the Committee failed to disclose the name of the candidate supported or opposed as well as the candidate's office sought, state, and district, where applicable, for thirteen (13) independent expenditures totaling \$9,618.67 on the Amended 2006 12 Day Pre-General and Amended 2006 30 Day Post-General Reports (Attachment 10). In addition, the Committee disclosed an incorrect congressional district for thirty-nine (39) independent expenditures to

10044273952

congressional candidates totaling \$15,938.63 on the Amended 2006 12 Day Pre-General, Amended 2006 30 Day Post-General, and Amended 2006 Year End Reports (Attachment 11). The Committee failed to disclose a purpose of disbursement for one (1) independent expenditure totaling \$249.60 and failed to provide an adequate purpose of disbursement for seventy-six (76) independent expenditures totaling \$877.88 on the Amended 2006 12 Day Pre-General and Amended 2006 30 Day Post-General Reports (Attachment 12). The Committee also failed to clarify twenty (20) independent expenditures totaling \$5,298.56 on Schedule E of the Amended 2006 30 Day Post-General and Amended 2006 Year End Reports, which were made after the date of the 2006 General Election and which did not appear to be debt payments for expenditures previously disclosed (Attachment 13). The Committee failed to clarify two (2) independent expenditures totaling \$1,392.82 on the Amended 2006 30 Day Post-General Report with dissemination dates that were different than the dissemination dates disclosed on the 24-Hour Notices (Attachment 14). Finally, the Committee failed to clarify six (6) independent expenditures with amounts on Schedule E of the Amended 2006 30 Day Post-General Report that differed from the amounts on the corresponding 24-Hour Notices, a discrepancy totaling \$962.77 (Attachment 15).

A report-by-report itemization of the Committee's failure to file 48- and 24-Hour Notices, failure to file Schedules D and E, failure to continuously report debts, and its independent expenditure reporting problems follows.

Details of Reporting Problems by Report (2006 October Quarterly, 12 Day Pre-General, 30 Day Post-General, and Year End Reports)

A. 2006 October Quarterly Report

The Committee failed to timely file five (5) 24-Hour Notices to support fourteen (14) independent expenditures totaling \$26,372.13 disclosed on Schedule E of the 2006 October Quarterly Report made less than twenty (20) days but more than twenty-four (24) hours before the 2006 Congressional Primary Elections held in the states of Arizona, Colorado, Michigan, and Nevada (Attachment 2).

On October 15, 2006, the Committee filed a 2006 October Quarterly Report covering the period from July 1, 2006 through September 30, 2006 which included a Schedule E disclosing seventy-two (72) independent expenditures totaling \$96,529.45 made on behalf of forty-five (45) federal candidates. As of the date of filing the 2006 October Quarterly Report, the Committee failed to file three (3) 24-Hour Notices to support (8) independent expenditures totaling \$11,557.10 made on behalf of three (3) federal candidates for the 2006 Congressional Primary Elections held in the states of Arizona, Colorado and Michigan. The Committee also failed to timely file two (2) 24-Hour Notices to support six (6) independent expenditures totaling \$14,815.03 made on behalf of two (2) federal candidates for the 2006 Congressional Primary Elections in Michigan and Nevada. These late notices were filed after the respective Primary Election dates in these states (Images 26960525748-26960525786).

On January 31, 2007, a Request for Additional Information ("RFAI") was sent to the Committee referencing the 2006 October Quarterly Report. Among other issues, the RFAI stated that the Committee may have failed to file or timely file one or more of the required 24-Hour

10044273953

Notices for independent expenditures. Additionally, the RFAI stated that although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration. A chart was included with the RFAI identifying the above-referenced eight (8) independent expenditures totaling \$11,557.10 for which a 24-Hour Notice had not been filed as of the RFAI mailing date⁶ and six (6) independent expenditures totaling \$14,815.03 for which 24-Hour Notices were filed after the election(s) (Image 27039371812).

On March 13, 2007, the Reports Analysis Division ("RAD") Analyst called the Committee's Treasurer, Amarie Natividad, to inform her that a response to the RFAI referencing the 2006 October Quarterly Report had not been received, and that if clarification was not provided regarding the issues referenced in the letter, it could be referred for further Commission action. Ms. Natividad told the Analyst that she had instructed the Committee's consultant to respond and that the latter must have forgotten. The Analyst told Ms. Natividad that the Committee had until the end of the following week to respond. Ms. Natividad told the Analyst she would submit the response by then (Attachment 16).

On March 22, 2007, Robin Sexton, a consultant for the Committee, called the Analyst to discuss the issues on the 2006 October Quarterly Report. Among other issues, Ms. Sexton explained that the 24-Hour Notices were filed late because the staff in the field making the independent expenditures did not inform the Committee's national office of the independent expenditures in a timely manner. The Analyst informed her that there was no way to correct the late filing of notices, but they could provide an explanation in a Miscellaneous Electronic Submission (Form 99) (Attachment 16).

On March 22, 2007, the Committee submitted a Form 99 in response to the RFAI referencing the 2006 October Quarterly Report, which stated in part:

While we are aware of the requirements for filing 24-hour notices and make every endeavor to comply with the law, periodically the information is not provided to our accounting staff in the appropriate timeframe to ensure these reports are filed timely. We have instituted practices to help us report these expenditures in a timely fashion and will continue to encourage stricter controls on these expenditures. For those we have missed, we will file notices in the next few days. Though they will not be timely, it will show as a good-faith effort to comply with the law, which is our goal. (Image 27930371915)

On March 22, 2007, the Committee also submitted an Amended 2006 October Quarterly Report. No further clarification regarding these issues was provided on the amended report (Images 27930372184-27930372219).

On March 23, 2007, the Committee filed two (2) 24-Hour Notices to disclose eight (8) independent expenditures totaling \$11,557.10 for the 2006 Congressional Primary Elections held in the states of Arizona, Colorado, Michigan and Nevada which had been identified in the March 22, 2007 RFAI sent for missing 24-Hour Notices (Images 27930373922 and 27930373926).

⁶ The chart included one additional independent expenditure totaling \$8,314.22 which, it was later determined, did not require a 24-Hour Notice.

On September 12, 2008, the RAD Analyst left a message on Ms. Sexton's voicemail which stated a referral for further action was being written for the issues on the Committee's 2006 October Quarterly Report, among others reports, and if there was any additional information they would like to provide, it must be submitted by, September 17, 2008 (Attachment 16).

To date, no further communication has been received from the Committee regarding the matters concerning the 2006 October Quarterly Report.

B. 2006 12 Day Pre-General Report

The Committee failed to file twelve (12) 48-Hour Notices to support thirty-six (36) independent expenditures totaling \$49,535.15 disclosed on Schedule E of the 2006 12 Day Pre-General Report made up to and including the twentieth (20th) day before the 2006 General Election (Attachment 3).⁷ In addition, the Committee filed four (4) 48-Hour Notices to support six (6) independent expenditures totaling \$67,951.49 but failed to itemize the expenditures on a Schedule E or MEMO Schedule E/Schedule D of the Amended 2006 12 Day Pre-General Report (Attachment 6). Furthermore, the Committee failed to disclose on Schedule E the name of the candidate supported or opposed as well as the candidate's office sought, state, and district, where applicable, for five (5) independent expenditures totaling \$7,800.30 (Attachment 10). The Committee also disclosed an incorrect congressional district for thirteen (13) independent expenditures to congressional candidates totaling \$4,306.40 (Attachment 11) and failed to disclose a purpose of disbursement for one (1) independent expenditure totaling \$249.60 (Attachment 12).

On October 26, 2006, the Committee filed a 2006 12 Day Pre-General Report covering the period from October 1, 2006 through October 18, 2006 which included a Schedule E disclosing five hundred thirty-one (531) independent expenditures totaling \$858,864.13 made on behalf of one hundred twenty-three (123) federal candidates. The Committee failed to file eleven (11) 48-Hour Notices for thirty-three (33) independent expenditures totaling \$44,326.67 made on behalf of eleven (11) federal candidates for the 2006 General Election. The Committee failed to provide a purpose of disbursement for one (1) independent expenditure in the amount of \$249.60 (Attachment 12). The Committee also failed to provide the candidate's name, office sought, state, and congressional district for eight (8) independent expenditures totaling \$8,397.30, and the Committee failed to disclose the correct congressional district for eleven (11) independent expenditures totaling \$2,970.85 made on behalf of eight (8) federal candidates (Images 26940557661-26940557926).

On October 17, 2007, the Committee was sent an RFAI referencing the 2006 12 Day Pre-General Report. Among other issues, the RFAI stated that the Committee may have failed to file or timely file one or more of the required 48-Hour Notices for independent expenditures. Additionally, the RFAI stated that, although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration. A chart

⁷ The Committee failed to file a 48-Hour Notice for one (1) additional independent expenditure of \$1,950.09. However, this independent expenditure for which a 48-Hour Notice was missing was inadvertently omitted from the RFAI and thus is not included in this referral.

was included with the RFAI identifying thirty-three (33) independent expenditures totaling \$44,326.67 for which 48-Hour Notices had not been filed. The RFAI also asked that the Committee provide the missing purpose and candidate information on Schedule E and clarify the candidates' congressional districts (Image 27039550585).

On November 8, 2007, Ms. Sexton left a voicemail message for the RAD Analyst explaining that the Committee received the RFAI but were requesting that the RFAI response due date be extended to December 11, 2007 to coincide with a response due date pertaining to the Committee's FEC audit. Later that day, Ms. Sexton called the Analyst and among other issues, reiterated that she did not think she would have the amendments ready by the RFAI response due date. The Analyst told her that extensions are not granted and suggested that she submit a Form 99 to explain that she was working on the amendments and would submit them as soon as possible (Attachment 16).

On December 11, 2007, Ms. Sexton called the Analyst to inform her that she was working on the amendments. Among other items, she indicated that she thought the Committee received its candidate file, which includes candidates' districts, from the FEC, but that she would look into it. The Analyst explained that because the issue occurred with so many candidates, it was unlikely the problem was with the FEC's database (Attachment 16).

On December 14, 2007, Ms. Sexton left a voicemail message for the Analyst to inform her that she was having internet problems and that she did not know if she would be able to upload the amendment to the 2006 12 Day Pre-General Report, among others, that day. However, she stated that the amendments should be uploaded by the following Monday, December 17, 2007, at the latest (Attachment 16).

On December 18, 2007, the Committee submitted an Amended 2006 12 Day Pre-General Report. Schedule E of the amendment disclosed five hundred twenty-four (524) independent expenditures totaling \$822,156.13. The amendment corrected the candidates' congressional districts on Schedule E and reduced the number of independent expenditures missing a candidate's name to seven (7) entries totaling \$8,198.30. The amended report did not, however, provide the missing purpose, nor did it address the issue of failing to file the 48-Hour Notices (Images 27931669065-27931669326). Also on December 18, 2007, the Committee filed a Form 99 which stated in part, "The Congressional Districts for the candidates identified in your letter have been corrected" (Image 27931669327).

On March 10, 2008, Ms. Sexton called the Analyst to discuss amendments to the 2005-2006 reports. Among other issues, Ms. Sexton explained that while correcting the reporting of debts and MEMO Schedule Es, she realized the notices filed were based on estimated amounts, and therefore did not match the amounts on Schedule E. The Analyst suggested that she indicate the estimated amount in the description field or as memo text for the entries on Schedule E. The Analyst also advised that for future reporting, the Committee should indicate in the description field when the amount is an estimate. In addition, the Analyst advised that when payment was actually made, the Committee should indicate the payment was for the debt originally estimated to be \$XX. The Analyst told Ms. Sexton that for the 2005-2006 cycle reports, the Committee should adjust the Schedule D and MEMO Schedule E amounts to disclose the actual rather than

the estimated amount as long as they indicated in the description or memo text on Schedule E what the estimated amount was so that notices could be matched (Attachment 16).

On April 4, 2008, the Analyst left a message on Ms. Natividad's voicemail which stated that the Committee's ongoing issues on Schedules D and E of its 2006 reports would likely be referred for further action if not corrected. Later that day, Ms. Natividad called the Analyst back and, among other issues, informed her that she would contact Ms. Sexton about correcting the 2006 reports (Attachment 16).

On April 24, 2008, Ms. Sexton called the Analyst and among other items, discussed that the Committee's ongoing debt and independent expenditure issues would likely be referred for further action if not resolved. Ms. Sexton explained that the Committee was trying to establish procedures for the staff coordinating the independent expenditures to file the notices themselves rather than sending them to Ms. Natividad to file, but that the employees did not seem willing to take that responsibility (Attachment 16).

On May 2, 2008, the Committee submitted an Amended 2006 12 Day Pre-General Report. Due to changes made to the reporting of debt payments and MEMO Schedule Es, the entries included on the Schedule E were reduced to five hundred twenty-two (522) independent expenditures totaling \$788,564.94. In addition, as a result of these changes, four (4) 48-Hour Notices filed on October 10, 12, and 18, 2008 (Images 26950538152, 26940405925, 26930432252, and 26960544385) included six (6) independent expenditures totaling \$67,951.49 made on behalf of four (4) federal candidates which were not disclosed on Schedule E of the amended report (Attachment 6). Furthermore, it was determined that an additional 48-Hour Notice was required for three (3) additional independent expenditures totaling \$5,208.48 made on behalf of one (1) federal candidate for the 2006 General Election.⁸ In addition, incorrect congressional districts were disclosed for thirteen (13) independent expenditures totaling \$4,306.40 made on behalf of ten (10) federal candidates (Attachment 11), and the number of independent expenditures missing a candidate's name was eight (8) entries totaling \$8,602.58 (Images 28990955902-28990956162).

On July 2, 2008, the Committee was sent an RFAI referencing the Amended 2006 12 Day Pre-General Report, received May 2, 2008. Among other issues, the RFAI stated that the Committee may have failed to file or timely file one or more of the required 48-Hour Notices for independent expenditures. Additionally, the RFAI stated that, although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration. A chart was included with the RFAI identifying the additional three (3) independent expenditures totaling \$5,208.48 for which 48-Hour Notices had not been filed.⁹ The RFAI also asked for clarification regarding the 48-Hour Notices that disclosed independent

⁸ See Attachment 3 for a final list of missing 48-Hour Notices as of the latest Amended 12 Day Pre-General Report.

⁹ The chart also included twenty-four (24) independent expenditures totaling \$34,626.71 which should not have been questioned.

expenditures which were not reported on Schedule E,¹⁰ and furthermore, asked that the Committee clarify the candidates' congressional districts (Image 28039760349).

On July 22, 2008, the RAD Analyst met with Ms. Sexton to discuss the Committee's 2006 reports. Among other issues, the Analyst explained to Ms. Sexton that if 48- and 24-Hour Notices disclosed an estimated amount for an independent expenditure and the associated entry on Schedule E of the report showed the actual amount of the expenditure, the 48- and 24-Hour Notice estimate needed to be clearly linked with the Schedule E. The Analyst suggested that the Committee might be able to fix some of the missing 48- and 24-Hour Notice issues by making the links. Ms. Sexton stated that she did not think the Committee's electronic filing software allowed attaching memo text to Schedule E. Ms. Sexton also asked about situations where the Committee filed a Schedule D and MEMO Schedule E with estimated amounts for independent expenditures made on behalf of specific candidates, but later determined that the independent expenditures were never made. The Analyst advised the Committee to show a negative debt incurred on Schedule D in addition to a detailed explanation that the independent expenditures were never disseminated. Ms. Sexton also mentioned that she was going to propose the implementation of new procedures so that the 48- and 24-Hour Notices and Schedules E and D were reported correctly in the future. She then mentioned that it would still be difficult to accurately and timely report independent expenditures due to the amount of activity and because numerous staff members made the independent expenditures and then had to report the activity to the Committee's national office. Additionally, Ms. Sexton said that she noticed entries that were missing information and that she would fix these. She also indicated that she located the table that the electronic filing software used to pull candidate information, and that she found some duplicate entries, which explained why some of the candidates' districts were incorrect. She said she would make the necessary changes to the table (Attachment 16).

On August 4, 2008, the Committee submitted an Amended 2006 12 Day Pre-General Report. Schedule E of the amendment disclosed five hundred twenty (520) independent expenditures totaling \$785,823.25. The amendment decreased the number of independent expenditures missing a candidate's name to five (5) totaling \$7,800.30 (Attachment 10); however, it did not address the issues of the missing 48-Hour Notices, the 48-Hour Notices with expenditures that were not included on Schedule E, the incorrect candidates' districts, nor the missing purpose on Schedule E (Images 28932413654-28932413913).

On August 5, 2008, Ms. Sexton called the Analyst to inform her that the Amended 2006 12 Day Pre-General Report, among others, was filed the previous day and that she was working on a Form 99 response for further clarification. She asked if the Committee could mail a spreadsheet as a response to clarify discrepancies between Schedule E and the notices. Ms. Sexton said it appeared that the problem was due to estimated amounts disclosed on the notices being different from the actual amounts disclosed on the Schedule Es. Ms. Sexton said that their filing software did not provide enough room in the purpose field on Schedule E to include the clarifying information, and did not allow memo text on Schedule E. She also said that trying to format this information into a Miscellaneous Electronic Submission would make the data

¹⁰ A chart attached to the RFAI referenced four (4) additional independent expenditures totaling \$2,658.00 disclosed on a 48-Hour Notice which did not appear to have been disclosed on a Schedule E; however, after further investigation it was determined that these entries should not have been questioned.

unclear. The Analyst told Ms. Sexton that a mailed copy of a spreadsheet to provide additional clarification regarding the activity would be acceptable (Attachment 16).

On August 6, 2008, Ms. Sexton called the Analyst and said she was in the process of matching the Schedule Es and notices in a spreadsheet, and that she would send it when completed. She also asked if copies of the charts included in the RFAI referencing the Amended 2006 12 Day Pre-General Report, received May 2, 2008 could be e-mailed to her. After approval from RAD Management, the Analyst e-mailed her the requested charts (Attachment 16).

On August 7, 2008, the Committee filed a Form 99 in response to the RFAI referencing the Amended 2006 12 Day Pre-General Report, received May 2, 2008, which stated in part, "The 48-hour reports were estimates of proposed activity. The actual amounts for these transactions were: a) Santorum, \$7,104.26 on 10/16, b) Burns \$252 on 10/12, c) Musgrave, \$2,559.98 on 10/16." The filing also stated in part:

These transactions are now itemized on the report [referencing the 48-Hour Notices which were not itemized on Schedule E]; Due to changes we made to our reporting regarding estimated expenses and the actual amounts spent within the same reporting period, it is hard to match up the supplemental reports filed to the regular reports as amended. We are working to tie these back and have conferred with our analyst the best way to report these. We will make this matched data available for public record as soon as possible. We have corrected the incorrect Congressional districts in this report. (Image 28991678709)

On September 12, 2008, the Analyst left a message on Ms. Sexton's voicemail stating a referral for further action was being written for the issues on the Committee's 2006 October Quarterly Report, among others, and if there was any additional information they would like to provide, it must be submitted by Wednesday, September 17, 2008 (Attachment 16).

On September 17, 2008, the Committee submitted a Miscellaneous Text Submission (Form 99) which, along with charts referencing the 2006 12 Day Pre-General Report, included a chart of missing 48- and 24-Hour Notices from the 2006 12 Day Pre-General Report. However, the chart did not provide any further information regarding the missing notices. Furthermore, the Committee included a chart of 48-Hour Notices of independent expenditures that were not disclosed on Schedule E of its 2006 12 Day Pre-General Report. The Committee attempted to link the expenditures from the notices with expenditures on Schedule E; however, the referenced expenditures on Schedule E disclosed different dissemination dates and were already clearly linked to other 48-Hour Notices that were filed. Thus, the Committee failed to clarify the discrepancy (Images 28039922792-28039922811).

To date, no further communication has been received from the Committee regarding the matters concerning the 2006 12 Day Pre-General Report.

C. 2006 30 Day Post-General Report

The Committee failed to file ninety-two (92) 24-Hour Notices to support two hundred thirty-eight (238) independent expenditures totaling \$150,494.58 disclosed on Schedule E of the

2006 30 Day Post-General Report made less than twenty (20) days, but more than twenty-four (24) hours before the 2006 General Election (Attachment 4). The Committee's debt reporting problems on the Amended 2006 30 Day Post-General Report included failure to provide MEMO Schedule Es to disclose the date(s) of dissemination for three (3) independent expenditures totaling \$3,414.16, for which debts were shown as incurred on Schedule D (Attachment 7, Part A); failure to disclose two (2) debt payments totaling \$1,861.02 on a disbursement schedule to correspond to the Schedule D debt payment entries (Attachment 7, Part B); and failure to disclose debt entries on Schedule D corresponding to three (3) MEMO Schedule E entries for independent expenditures totaling \$5,133.66 (Attachment 8). The Committee also disclosed two (2) new debts with outstanding beginning balances totaling \$50,245.84 on Schedule D that did not appear on its previous report (Attachment 9, Part A), while failing to show outstanding beginning balances on Schedule D for two (2) debts totaling \$40,141.15 that appeared as outstanding at the close of the previous reporting period and for which debt repayments were not disclosed (Attachment 9, Part B). The Committee's independent expenditure reporting problems on the Amended 2006 30 Day Post-General Report included failure to disclose the name of the candidate supported or opposed as well as the candidate's office sought, state, and district, where applicable, for eight (8) independent expenditures totaling \$1,818.37 (Attachment 10); disclosure of incorrect congressional districts for twenty-five (25) independent expenditures to congressional candidates totaling \$11,483.65 (Attachment 11); and failure to provide an adequate purpose of disbursement for seventy-six (76) independent expenditures totaling \$877.88 (Attachment 12). The Committee also failed to clarify thirteen (13) independent expenditures totaling \$826.26 disclosed on Schedule E which were made after the date of the 2006 General Election and which did not appear to be debt payments for previously reported expenditures (Attachment 13) and two (2) independent expenditures totaling \$1,392.82 with dissemination dates that were different than the dissemination dates disclosed on the 24-Hour Notices (Attachment 14). Finally, the Committee failed to clarify six (6) independent expenditures with amounts on Schedule E that differed from the amounts on the corresponding 24-Hour Notices by a total of \$962.77 (Attachment 15).

On December 8, 2006, the Committee filed a 2006 30 Day Post-General Report covering the period from October 19, 2006 through November 27, 2006 which included a Schedule E disclosing one thousand ninety (1,090) independent expenditures totaling \$1,280,245.30 made on behalf of ninety-five (95) federal candidates. The Committee failed to file seven (7) 24-Hour Notices for forty-five (45) independent expenditures totaling \$18,180.15 made on behalf of twenty-nine (29) federal candidates for the 2006 General Election. Further, the Committee disclosed three hundred ten (310) independent expenditures totaling \$94,823.81 with inadequate purposes of disbursement and failed to disclose the candidate's name, office, state, and district for eight (8) independent expenditures totaling \$765.41 (Attachment 10). In addition, the Committee failed to disclose the correct congressional district for twenty-two (22) independent expenditures totaling \$8,768.42 made on behalf of three (3) federal candidates, and disclosed independent expenditures totaling \$72,906.00 as made after the 2006 General Election which did not appear to be debt payments for independent expenditures previously disseminated (Images 26940887115-26940887659).

On October 17, 2007, the Committee was sent an RFAI referencing the 2006 30 Day Post-General Report. Among other issues, the RFAI stated that the Committee may have failed to file or timely file one or more of the required 24-Hour Notices for independent expenditures.

10044273960

Additionally, the RFAI stated that, although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration. A chart was included with the RFAI identifying forty-five (45) independent expenditures totaling \$18,180.15 for which 24-Hour Notices had not been filed. The RFAI also asked that the Committee provide the missing Calendar-Year-to-Date per Election for Office Sought total and the missing candidate names, offices, states, and districts. Furthermore, the RFAI asked for clarification of inadequate purposes disclosed on Schedule E and for clarification of the independent expenditures made after the date of the 2006 General Election (Image 27039550573).

On November 8, 2007, Ms. Sexton left a voicemail message for the RAD Analyst explaining that the Committee received the RFAI but was requesting that the RFAI response due date be extended to December 11, 2007 to coincide with a response due date pertaining to the Committee's FEC audit. Later that day, Ms. Sexton called the Analyst back and among other issues reiterated that she did not think she would have the amendments ready by the RFAI response due date. The Analyst told her that extensions were not granted and suggested that she submit a Form 99 to explain that she was working on the amendments and would submit them as soon as possible. Further, the Analyst explained that if the amount of a debt is an estimate, it should be noted as such in the description field. The Analyst also informed her that debts for independent expenditures should clearly identify the candidates in order to determine the corresponding memos on Schedule E. The Analyst further explained that when the debt is paid, if the payment amount is different than the estimated amount, the Committee should indicate in the description or in a memo text the original estimated amount so that the payments can be linked with the previous memo entry. Schedule D should also be adjusted to show the actual amount of the debt with an explanation that the original amount was an estimate (Attachment 16).

On December 11, 2007, Ms. Sexton called the Analyst to inform her that she was working on the amendments. Among other things, she stated that she thought the Committee received its candidate file, which includes candidates' districts, from the FEC, but that she would look into it. The Analyst explained that because the issue occurred with so many candidates, it was unlikely the problem was with the FEC's database. Ms. Sexton also stated that she was working on the issues on Schedules D and E (Attachment 16).

On December 14, 2007, Ms. Sexton left a voicemail message for the Analyst to inform her that she was having internet problems and did not know if she would be able to upload the amendment to the 2006 30 Day Post-General Report and other reports that day. However, she stated that the amendments should be uploaded by the following Monday, December 17, 2007, at the latest (Attachment 16).

On December 18, 2007, Ms. Sexton called the Analyst to discuss amending the 2006 30 Day Post-General Report and other reports. Among other items, Ms. Sexton said that the process was taking longer than expected because of the amount of data and promised to have them uploaded by December 21, 2007. The Analyst informed her that the missing 48- and 24-Hour Notices issue and other issues addressed in the RFAI would likely be referred for further Commission action. The Analyst also explained again how to report estimated debts and payments (Attachment 16).

On January 2, 2008, Ms. Sexton called the Analyst to inform her, among other issues, that she was still working on the amendments to the 2006 30 Day Post-General Report and other reports (Attachment 16).

On March 11, 2008, the Committee submitted an Amended 2006 30 Day Post-General Report. The Committee disclosed additional independent expenditures on Schedule E, resulting in an increase of entries on Schedule E to one thousand, one hundred forty-seven (1,147) independent expenditures totaling \$1,384,746.87. Additional 24-Hour Notices were not filed for the newly disclosed independent expenditures. The number of independent expenditures with inadequate purposes was reduced to eighty-three (83) totaling \$16,520.66 and the number of independent expenditures made after the 2006 General Election which did not appear to be debt payments was reduced to twenty (20) totaling \$8,589.86. The number of entries missing the candidate's name remained at eight (8); however, the total amount of these independent expenditures increased to \$1,818.37. The Committee still failed to provide the Calendar-Year-to-Date per Election for Office Sought totals and the number of independent expenditures with incorrect congressional districts increased to twenty-five (25) totaling \$11,483.65 (Attachment 11) (Images 28990547995-28990548568).

Additionally, Schedule D of the Amended 2006 30 Day Post-General Report disclosed eighty-seven (87) debts owed by the Committee to eight (8) different vendors. Of the fifty-six (56) debts disclosed on Schedule D with outstanding balances at the beginning of the period, thirty-five (35) debts totaling \$175,197.04 owed to one vendor were not disclosed with closing balances on the Amended 2006 12 Day Pre-General Report, received December 18, 2007. Furthermore, Schedule D of the Amended 2006 12 Day Pre-General Report, received December 18, 2007, disclosed outstanding balances at the close of period for forty-six (46) debts totaling \$211,161.50 owed to three (3) vendors which were not disclosed with opening balances on the Amended 2006 30 Day Post-General Report. The Amended 30 Day Post-General Report also disclosed discrepancies totaling \$104,963.07, including MEMO Schedule Es not disclosed as incurred debt on Schedule D, reporting of incurred debts on Schedule D with no matching MEMO Schedule E, failure to disclose debt payments shown on Schedule E on Schedule D, and discrepancies in the amount of debt and payments on Schedules D and E (Images 28990547966-28990547994).

On April 2, 2008, the Committee was sent an RFAI referencing the Amended 2006 30 Day Post-General Report, received March 11, 2008. Among other issues, the Committee was asked for clarification regarding debts that appeared to have been dropped and debts with opening balances that were not disclosed on the previous report(s). Furthermore, the Committee was asked to clarify discrepancies between debts incurred and debts paid on Schedule D, and MEMO Schedule Es and debt payments disclosed on Schedule E. The RFAI also stated that the Committee may have failed to file one or more of the required 24-Hour Notices for independent expenditures. Additionally, the RFAI stated that although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration (Image 28039664696).

On April 4, 2008, the Analyst left a message on Ms. Natividad's voicemail which stated that the Committee's ongoing issues on Schedules D and E of its 2006 reports would likely be referred for further action if not resolved. Later that day, Ms Natividad called the Analyst back

and, among other items, informed her that she would contact Ms. Sexton about correcting the 2006 reports (Attachment 16).

On April 24, 2008, Ms. Sexton called the Analyst and, among other issues, explained that the Committee is looking into its debts and has discovered instances where a vendor provided a debt estimate which they reported, and then when the estimate was revised, the Committee disclosed it as a new debt. The Analyst advised her to amend the original report where the debts were disclosed to delete the duplicate debts and carry the change forward on all subsequent reports. The Analyst also informed Ms. Sexton that the Committee's ongoing debt and independent expenditure issues, including late and non-filing of 48- and 24-Hour Notices, would probably be referred for further action if not resolved. Ms. Sexton explained that the Committee was trying to establish procedures for the staff coordinating the independent expenditures to file the notices themselves rather than sending them to Ms. Natividad to file, but that the employees did not seem willing to take that responsibility (Attachment 16).

On May 2, 2008, the Committee submitted an Amended 30 Day Post-General Report. Schedule E of the report disclosed one thousand, one hundred forty-eight (1,148) independent expenditures totaling \$1,386,436.42. There were no changes in the number or amount of independent expenditures with inadequate purposes, missing candidates' names, missing Calendar-Year-to-Date per Election for Office Sought totals, or incorrect congressional districts. Independent expenditures made after the date of the 2006 General Election but which did not appear to be debt payments increased to twenty-one (21) totaling \$8,910.11. The Committee failed to address the issue of missing 24-Hour Notices for the independent expenditures newly disclosed on the previously amended 2006 30 Day Post-General Report, received March 11, 2008. The amendment correctly disclosed debts carried over from the Amended 2006 12 Day Pre-General Report, received May 2, 2008; however, discrepancies remained between debts incurred and payments made on Schedule D, and MEMO Schedule E and debt payments on Schedule E. In addition, because of changes in reporting on Schedule E, the amendment disclosed eighty-three (83) independent expenditures with dates or amounts which did not match the dates or amounts on the 24-Hour Notices, resulting in a discrepancy of \$27,235.56 (Images 28931496393-28931496966).

On July 2, 2008, the Committee was sent an RFAI referencing the Amended 2006 30 Day Post-General Report, received May 2, 2008. Among other issues, the RFAI stated the Committee may have failed to file one or more of the required 24-Hour Notices for independent expenditures and that although the Commission may take further action, the Committee's prompt response concerning the matter would be taken into consideration. A chart was included with the RFAI identifying the additional two hundred nineteen (219) independent expenditures totaling \$144,594.82 for which 24-Hour Notices had not been filed. Additionally, the Committee was asked for clarification regarding the independent expenditures on Schedule E with dates or amounts that did not correspond to the dates and amounts on the 24-Hour Notices. A chart was included which identified the eighty-three (83) independent expenditures with discrepancies (Image 28039760356).

On July 22, 2008, the RAD Analyst met with Ms. Sexton to discuss the Committee's 2006 reports. Among other issues, the Analyst stressed the need for entries on Schedule E and Schedule D to be clearly linked. The Analyst explained that the proper procedure for reporting

10044273963

estimated debts is to clearly indicate that it is an estimate and to change the amount of the debt to the actual amount when the actual amount is known, while clearly linking it (through the vendor/purpose/candidate) back to the original estimate. The Analyst further explained that if 48- and 24-Hour Notices disclose an estimated amount for an independent expenditure and the associated entry on Schedule E of the report shows the actual amount of the expenditure, the 48- and 24-Hour Notice estimate needs to be clearly linked with the Schedule E. The Analyst suggested that the Committee may be able to fix some of the missing 48- and 24-Hour Notice issues by making the links. Ms. Sexton stated that she did not think the Committee's electronic filing software allowed to attach memo text to Schedule E. Ms. Sexton also asked about situations where the Committee files a Schedule D and MEMO Schedule E with estimated amounts for independent expenditures made on behalf of specific candidates, but later determined that the independent expenditures were never made. The Analyst advised the Committee to show a negative debt incurred on Schedule D in addition to a detailed explanation that the independent expenditures were never disseminated. Ms. Sexton also mentioned that she was going to propose the implementation of new procedures to ensure that the 24- and 48-Hour Notices and Schedules E and D were reported correctly in the future. She then mentioned that it would still be difficult to accurately and timely report independent expenditures due to the amount of activity and because numerous staff members made the independent expenditures and then had to report the activity to the Committee's national office. Additionally, Ms. Sexton said that she noticed entries with missing information and that she would fix these. She also indicated that she located the table that the electronic filing software used to pull candidate information and found some duplicate entries that explained why some of the candidates' districts were reported incorrectly. She said she would make the necessary changes to the table (Attachment 16).

On August 4, 2008, the Committee filed an Amended 2006 30 Day Post-General Report. Schedule E of the amended report disclosed one thousand, one hundred fifty-four (1,154) independent expenditures totaling \$1,395,608.95. There were no changes in the number or amount of independent expenditures with inadequate purposes, missing candidates' names, missing Calendar-Year-to-Date per Election for Office Sought totals, or incorrect congressional districts. The amendment decreased the number of independent expenditures with inadequate purposes to seventy-six (76) totaling \$877.88 (Attachment 12), and decreased the number of independent expenditures made after the date of the 2006 General Election and which did not appear to be debt payments to thirteen (13) totaling \$826.26 (Attachment 13). Discrepancies remained in dates and amounts between independent expenditures reported on 24-Hour Notices and on Schedule E. Due to changes in reporting of debts and independent expenditures, the total number of independent expenditures for which the Committee failed to file a 24-Hour Notice was two hundred thirty-seven (237) independent expenditures totaling \$150,466.90¹¹ (Attachment 4) (Images 28991667872-28991668448).

Schedule D of the amended report disclosed one hundred fourteen (114) debts owed by the Committee with opening balances totaling \$194,455.54. Of these debts, two (2) debts owed to a vendor with opening balances totaling \$50,245.84 were not reported with outstanding ending

¹¹ The Committee failed to file a 24-Hour Notice for one (1) additional independent expenditure of \$27.68. However, this independent expenditure for which a 24-Hour Notice was missing was inadvertently omitted from the RFAI and thus is not included in this referral.

10044273964

balances on the Amended 2006 12 Day Pre-General Report, received August 4, 2008 (Attachment 9, Part A). Furthermore, two (2) debts owed to this same vendor totaling \$40,141.15, were reported with outstanding ending balances on the Amended 2006 12 Day Pre-General Report, received August 4, 2008; however, opening balances were not disclosed on the Amended 2006 30 Day Post-General Report, received August 4, 2008 (Attachment 9, Part B). Furthermore, the Committee disclosed three (3) new incurred debts totaling \$3,414.16 on Schedule D owed to two (2) vendors which did not have corresponding MEMO entries on Schedule E (Attachment 7, Part A). The Committee also disclosed two (2) payments on Schedule D totaling \$1,861.02 for debts owed to a vendor which were not disclosed on a disbursement schedule (Attachment 7, Part B), and three (3) MEMO Schedule Es totaling \$5,133.66 which were not disclosed as incurred debts on Schedule D (Attachment 8) (Images 28991667834-28991667871).

On August 5, 2008, Ms. Sexton called the Analyst to inform her that the Amended 2006 30 Day Post-General Report was filed the previous day and that she was working on a Form 99 response for further clarification. She asked if the Committee could mail a spreadsheet as a response to clarify discrepancies between Schedule E and the notices. Ms. Sexton said it appeared that the problem is due to estimated amounts disclosed on the notices that were different from the actual amounts disclosed on the Schedule Es. Ms. Sexton said that their filing software did not provide enough room in the purpose field on Schedule E to include the clarifying information and did not allow memo text on Schedule E. She also said that trying to format this information into a Miscellaneous Electronic Submission would make the data unclear. The Analyst told Ms. Sexton that a mailed copy of a spreadsheet to provide additional clarification regarding the activity would be acceptable (Attachment 16).

On August 6, 2008, Ms. Sexton called the Analyst and said she was in the process of matching the Schedule Es and notices in a spreadsheet, and would send it when completed. She also asked if copies of the charts included in the RFAI referencing the Amended 2006 30 Day Post-General Report, received May 2, 2008 could be e-mailed to her. After approval from RAD Management, the Analyst e-mailed her the requested charts (Attachment 16).

On August 7, 2008, the Committee filed a Form 99 in response to the RFAI referencing the Amended 2006 30 Day Post-General Report, received May 2, 2008 which stated in part:

The independent expenditures for which supplemental reports were filed are now properly disclosed on Schedule E of the report. Due to changes we made to our reporting regarding estimated expenses and the actual amounts spent within the same reporting period, it is hard to match up the supplemental reports filed to the regular reports as amended. We are working to tie these back and have conferred with our analyst the best way to report these. We will make this matched data available for public record as soon as possible. (Image 28932417698)

On September 12, 2008, the Analyst left a message on Ms. Sexton's voicemail which stated a referral for further action was being written for the issues on the Committee's 2006 30 Day Post-General Report, among other reports, and if there was any additional information they would like to provide, it must be submitted by Wednesday, September 17, 2008 (Attachment 16).

10044273965

On September 17, 2008, the Committee submitted a Form 99 which, along with charts referencing the 2006 30 Day Post-General Report, included a chart of missing 24-Hour Notices from the 2006 30 Day Post-General Report. While the Committee attempted to link expenditures from Schedule E with expenditures from 24-Hour Notices, the referenced expenditures disclosed a different dissemination date and were already clearly linked to other 24-Hour Notices that were filed. Thus the chart did not provide any further information regarding the missing notices. Furthermore, the Committee included a chart of 24-Hour Notices with amounts/dates that did not match the amounts/dates on Schedule E. The chart identified the entry on Schedule E which matched with the entry on the 24-Hour Notices. The Committee failed to clarify two (2) independent expenditures totaling \$1,392.82 which still had a discrepancy in dissemination dates (Attachment 14) and six (6) independent expenditures which still had a discrepancy in amounts, with a total difference of \$962.77 between Schedule E and the 24-Hour Notices (Attachment 15) (Images 28039922792-28039922811).

To date, no further communication has been received from the Committee regarding the matters concerning the 2006 30 Day Post-General Report.

D. 2006 Year End Report

The Committee disclosed an incorrect congressional district for one (1) independent expenditure to a congressional candidate in the amount of \$148.58 on the Amended 2006 Year End Report (Attachment 11). The Committee also failed to clarify seven (7) independent expenditures totaling \$4,472.30 on Schedule E of the Amended 2006 Year End Report, which were made after the date of the 2006 General Election and which did not appear to be debt payments for expenditures previously disclosed (Attachment 13).

On January 31, 2007, the Committee filed a 2006 Year End Report covering the period from November 28, 2006 through December 31, 2006 which included a Schedule E disclosing two hundred seventy-six (276) independent expenditures totaling \$424,421.56. The Committee disclosed independent expenditures totaling \$5,130.65 which were made after the 2006 General Election and did not appear to be debt payments for independent expenditures previously disseminated. Furthermore, the Committee failed to disclose the correct congressional district for six (6) independent expenditures totaling \$3,774.66 made on behalf of two (2) federal candidates (Images 27940129007-27940129144).

On October 17, 2007, the Committee was sent an RFAI referencing the 2006 Year End Report. Among other issues, the RFAI sought clarification regarding the independent expenditures made after the 2006 General Election and also asked the Committee to clarify the incorrect congressional districts (Image 27039550594).

On November 8, 2007, Ms. Sexton left a voicemail message for the RAD Analyst explaining that the Committee received the RFAI but was requesting that the RFAI response due date be extended to December 11, 2007 to coincide with a response due date pertaining to the Committee's FEC audit. Later that day, Ms. Sexton called the Analyst again and among other issues reiterated that she did not think she would have the amendments ready by the RFAI response due date. The Analyst told her that extensions were not granted and suggested that she submit a Form 99 to explain that she was working on the amendments and would submit them as

soon as possible. Ms. Sexton also stated that she would try to clean up the reports but that they may not be perfect (Attachment 16).

On December 11, 2007, Ms. Sexton called the Analyst to inform her that she was working on the amendments to the 2006 Year End Report and other reports. Among other things, she stated that she thought the Committee received its candidate file, which includes candidates' districts, from the FEC, but that she would look into it. The Analyst explained that because the issue occurred with so many candidates, it is unlikely the problem was with the FEC's database (Attachment 16).

On December 14, 2007, Ms. Sexton left a voicemail message for the Analyst to inform her that she was having internet problems and that she did not know if she would be able to upload the Amended 2006 Year End Report and other reports that day. However, she stated that the amendments should be uploaded by the following Monday, December 17, 2007, at the latest (Attachment 16).

On December 18, 2007, Ms. Sexton called the Analyst to discuss amending the 2006 Year End Report and other reports. Among other issues, Ms. Sexton said that the process was taking longer than expected because of the amount of data, and promised to have them uploaded by December 21, 2007. The Analyst informed her that the missing 48- and 24-Hour Notices issue and other issues addressed in the RFAIs would likely be referred for further Commission action (Attachment 16).

On January 2, 2008, Ms. Sexton called the Analyst to inform her that, among other things, she was still working on the amendments to the 2006 Year End Report and other reports (Attachment 16).

On April 4, 2008, the Analyst left a message on Ms. Natividad's voicemail which stated that the Committee's ongoing issues on Schedules D and E of its 2006 reports would likely be referred for further action if not resolved. Later that day, Ms. Natividad called the Analyst back and, among other items, informed her that she would contact Ms. Sexton about correcting the 2006 reports (Attachment 16).

On April 24, 2008, Ms. Sexton called the Analyst and among other items discussed the Committee's ongoing debt and independent expenditure issues, which the Analyst reiterated might be referred for further action if not corrected. Ms. Sexton explained that the Committee was trying to establish procedures for the staff coordinating the independent expenditures to file the notices themselves rather than sending them to Ms. Natividad to file, but that the employees did seem willing to take that responsibility (Attachment 16).

On May 2, 2008, the Committee submitted an Amended 2006 Year End Report. Due to changes in the reporting of debt payments and MEMO Schedule Ea, the entries included on the Schedule E were reduced to thirty-nine (39) independent expenditures totaling \$147,464.72. This amendment removed the entries for which the candidate's congressional district was incorrect. Furthermore, this amendment disclosed additional independent expenditures which were made after the 2006 General Election and did not appear to be debt payments for

independent expenditures previously disseminated, bringing the total to \$5,490.38 (Images 2899095624-28990956260).

On July 22, 2008, the Analyst met with Ms. Sexton to discuss the Committee's 2006 reports. Among other issues, Ms. Sexton indicated that she located the table that the electronic filing software uses to pull candidate information and found some duplicate entries that explained why some of the candidates' districts were reported incorrectly. She said she would make the necessary changes to the table (Attachment 16).

On August 4, 2008, the Committee submitted an Amended 2006 Year End Report. Due to changes in the reporting of debt payments and MEMO Schedule Es, the entries included on Schedule E increased to sixty-four (64) independent expenditures totaling \$180,232.95. This amendment disclosed seven (7) independent expenditures totaling \$4,472.30, which were made after the 2006 General Election and did not appear to be debt payments for independent expenditures previously disseminated (Attachment 13). The amendment also disclosed one (1) independent expenditure in the amount of \$148.58 for one (1) candidate for which the congressional district was incorrect (Attachment 11) (Images 28932413983-28932414014).

On August 5, 2008, Ms. Sexton called the Analyst to inform her that the Amended 2006 Year End Report was filed the previous day and that she was working on a Form 99 response for further clarification (Attachment 16).

On September 12, 2008, the Analyst left a message on Ms. Sexton's voicemail which stated a referral for further Commission action was being written for the issues on the Committee's 2006 Year End Report, and other reports, and if there was any additional information the Committee would like to provide, it must be submitted by Wednesday, September 17, 2008 (Attachment 16).

To date, no further communication has been received from the Committee regarding the matters concerning the 2006 Year End Report.

QUARTERLY REPORT NOTICE

FEDERAL ELECTION COMMISSION

PARTIES AND PACS

September 21, 2006

REPORTING DATES

REPORT	REPORTING PERIOD ¹	REG./CERT. & OVERNIGHT MAILING DATE	FILING DATE
October Quarterly	07/01/06 - 09/30/06	10/15/06	10/15/06 ²

WHO MUST FILE

All Party Committees and PACs (Nonconnected Committees and Separate Segregated Funds) filing on a quarterly basis must file an October Quarterly Report by October 15, 2006. Committees must continue to file reports until the Commission notifies them in writing that their termination report has been accepted.

Certain party committees are required to file monthly reports (quarterly reporting is no longer an option for these committees). For more information, see the January 2006 Record, which can be found on the FEC web site at www.fec.gov/pages/record.shtml.

METHOD OF FILING

Quarterly Reports sent by registered or certified mail must be postmarked by the mailing date (please note that a certificate of mailing is not an acceptable method). Committees should keep the mailing receipt with its postmark as proof of filing.

If using overnight mail, the delivery service must receive the report by the mailing date. "Overnight mail" includes Priority or Express Mail having a delivery confirmation, or an overnight delivery service with an on-line tracking system and scheduled for next business day delivery. Quarterly Reports filed by any other means must be received by the Commission (or Secretary of the Senate for committees supporting only Senate candidates) by the filing date.

PRE-ELECTION REPORTING

Committees that make contributions or expenditures (including independent expenditures) in connection with an election must also file a Pre-Election Report, if the activity was not previously reported. For the pre-election reporting guidelines, see the January 2006 Record, which can be found on the FEC web site at www.fec.gov/pages/record.shtml.

¹These dates indicate the beginning and the end of the reporting period. A reporting period always begins the day after the closing date of the last report filed. If the committee is new and has not previously filed a report, the first report must cover all activity that occurred before the committee registered.

48- AND 24-HOUR REPORTS OF INDEPENDENT EXPENDITURES

Any PAC or Party Committee that makes independent expenditures in connection with a federal election may also have to file 48-hour or 24-hour reports. The 48-hour reporting requirement will be triggered each time the committee makes independent expenditures aggregating \$10,000 or more between January 1st and the 20th day before the election. The 24-hour reporting requirement will be triggered each time the committee makes independent expenditures in connection with a federal election aggregating \$1,000 or more after the 20th day, but more than 24 hours, before the day of the election. See 11 CFR 104.4.

These reports are *not* required when a Party Committee or PAC makes a contribution directly to a candidate. Visit our website, www.fec.gov/info/charts_ie_dates.shtml, for a state-by-state chart of 48- and 24-hour reporting periods.

COMPLIANCE

- Treasurers of political committees are responsible for both the timeliness and the accuracy of all reports. They may be subject to monetary penalties if reports are inaccurate or are not filed on time.
- Under the Administrative Fine Program, political committees and their treasurers who fail to file their reports on time may be subject to civil money penalties up to \$16,000 (or more for repeat late- and non-filers). For additional information, see the enclosed handout entitled, "Administrative Fine Program" and visit the FEC web site at www.fec.gov/af.shtml.
- In addition, political committees that file illegible reports or use non-FEC forms (except for FEC-approved, computer-generated forms) will be required to refile their reports.
- Electronic filers who instead file on paper or submit an electronic report (either by direct transmission or on 3.5" diskette) that does not pass the validation test will be considered non-filers and may be subject to enforcement actions (including administrative fines).

ELECTRONIC FILING

Political committees that receive contributions or make expenditures in excess of \$50,000 in a calendar year, or that have reason to expect to do so, must submit their reports electronically. For additional information, review the enclosed handout entitled "Electronic Filing," call the FEC's Electronic Filing office at (800) 424-9530 or (202) 694-1642, and visit our web site at www.fec.gov/elecfil/electron.shtml.

CHANGE IN FILING FREQUENCY

Committees able to change their reporting schedule (for example, from quarterly to monthly) who wish to do so must notify the Commission in writing when they file their next report due under their current reporting schedule. Electronic filers must file this request electronically. Committees may change their filing frequency no more than once per calendar year.

¹See footnote #1, on reverse side.

³Required only if committee makes contributions or expenditures in connection with election during the reporting period.

WHO MUST FILE

Party Committees and PACs (Nonconnected Committees and Separate Segregated Funds) must follow the above charts in order to determine whether they must file a report 12 days before the general election on November 7 (the Pre-General Election Report). All Party Committees and PACs, regardless of financial activity, must file a report 30 days after the general election (the Post-General Election Report). Committees must continue to file reports until the Commission notifies them in writing that their termination report has been accepted.

Certain party committees are required to file monthly reports (quarterly reporting is no longer an option for these committees). For more information, see the January 2006 Record, which can be found on the FEC web site at www.fec.gov/pages/record.shtml.

METHOD OF FILING

Quarterly Reports sent by registered or certified mail must be postmarked by the mailing date (please note that a certificate of mailing is not an acceptable method). Committees should keep the mailing receipt with its postmark as proof of filing.

If using overnight mail, the delivery service must receive the report by the mailing date. "Overnight mail" includes Priority or Express Mail having a delivery confirmation, or an overnight delivery service with an on-line tracking system and scheduled for next business day delivery. Quarterly Reports filed by any other means must be received by the Commission (or Secretary of the Senate for committees supporting only Senate candidates) by the filing date.

¹These dates indicate the beginning and the end of the reporting period. A reporting period always begins the day after the closing date of the last report filed. If the committee is new and has not previously filed a report, the first report must cover all activity that occurred before the committee registered.

²Committees that made general election contributions or expenditures before October 1 and did not previously report them must also follow Chart I.
